

VECTRON

Things can be so simple.

Digital POS solutions for the **Catering Industry.**

Reliable hospitality partner for 30 years

Powerful - reliable

Vectron's hospitality POS solutions facilitate the day-to-day business of restaurants, snack bars, cafés, pubs and of mobile catering offers - and sustain the digital transformation in accounting and merchandise management.

Our POS solutions have earned a good reputation in the hospitality industry. Fast operability, individual structures and automated processes are just a few highlights. Neither dirt nor inexperienced staff can harm the stationary and mobile Vectron input devices. And in addition to the POS hardware suitable for hospitality, our reliable POS software is also convincing with the highest level of reliability in continuous operation and with effective features for fraud prevention.

Reliable software

Full performance for POS system, office and third-party systems

No matter whether you want to use your PC-based system or your Windows tablet as fully-fledged POS system or expand your ECR network with smartphones: Vectron POS software is the perfect choice for your business.

With the Vectron backoffice solutions - locally and in the Cloud - you adopt the POS data for accounting, invoicing and reporting. You thus substantiate your management decisions with descriptive facts and increase the efficiency. Open interfaces provide for the connection of ERP systems and third party software.

- ▶ Remote maintenance option
- ▶ Integration of Cloud services
- ▶ Versatile interfaces for hardware and software
- ▶ Powerful and network-capable
- ▶ Individual GUI design
- ▶ Individual expansion and tailoring to your company

All inclusive: Hospitality specials for the best service

- ▶ Operator locks
- ▶ Graphical table maps
- ▶ Guest check move, split, allocation
- ▶ Individual operator rights
- ▶ Customer- and invoice management
- ▶ Time-controlled price changes (e.g. Happy Hour)
- ▶ Comprehensive printer management
- ▶ Message system: Forwarding messages from central office to operators
- ▶ Automatic data backup to USB flash drive or SD-card or in the myVectron Cloud
- ▶ Invoice backup in the myVectron Cloud
- ▶ Connection to bar- & kitchen management prepared
- ▶ Connection to dispensing systems prepared

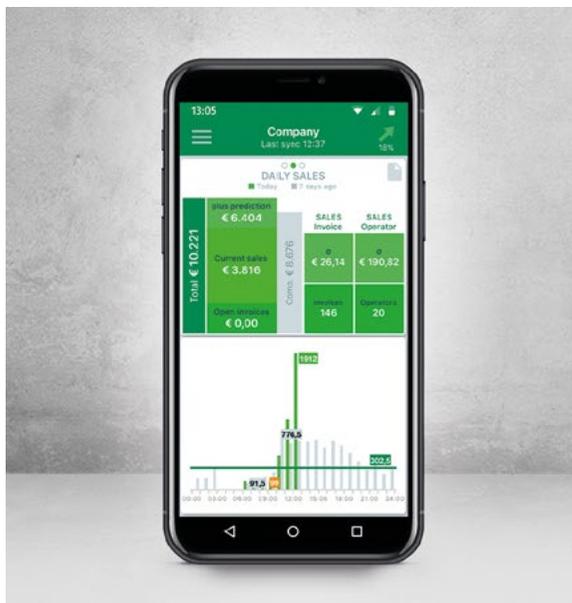

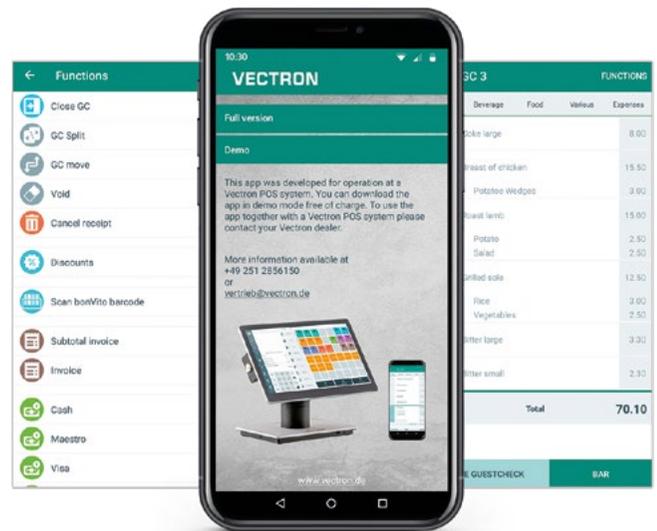

Mobile for the essentials

POS system app with sophisticated functions

Use the MobileApp in addition to your stationary POS system for quick and convenient service and invoicing at the table.

- ▶ Changes from online to offline mode and vice versa - depending on the radio link
- ▶ Intuitive, fast and secure tallying
- ▶ Short training time & minimum error rate
- ▶ Suitable for iOS & Android
- ▶ Flexible booking on monthly basis

Realtime Reporting

The myVectron App ensures that you constantly have an overview of your most important company figures.

- ▶ Clear graphics
- ▶ Daily turnover company-wide and by branch
- ▶ Branch access authorisations
- ▶ Turnover forecasts, trends and projections
